

PAID PARENTAL LEAVE

Support to recuperate and bond with baby

RETURN ON INVESTMENT

Employers that support paid parental leave maintain or increase productivity, profitability, performance, and decrease turnover. Employees experience increased job satisfaction and high morale as well as increased health outcomes of both parent and child.

IMPLEMENTATION

Establish a policy to determine the amount of leave and how much paid leave will be available to your employees. Offer parental leave to mothers, fathers, adoptive parents, and foster parents. The average range for paid leave is 6–16 weeks.

Important Note: An infant is not allowed to start attending a licensed childcare center until the infant is 6 weeks old.
